Labour's priorities for East Herts are:

Affordable housing: Labour Councillors will call for 50% affordable housing in local developments, particularly to enable key workers such as nurses and teachers to live and work in East Herts

Economy: Labour will demand the Council works with landlords and others to bring a better retail mix back into towns and encourage new industries

Waste and recycling: Labour councillors will support and challenge EHDC to continue to develop/encourage recycling and lobby to get closed recycling centres reopened to prevent fly tipping

Transport: East Herts has poor public transport services. Labour stands for more effective rail and bus services to reduce traffic congestion and encourage walking and cycling
